Report from the Admissions Office
GRE Admission Requirement

- Problem: How to track GRE requirement (or other requirements) for Admission

- Current Process:
  - Julie Parker, Reg., receives report listing students who need GRE, transcripts, etc.
  - Julie puts holds on the system for those requiring GRE, transcripts, etc.
  - GRE scores are listed at the top of DARS(CAPS) reports once officially reported.
GRE Admission Requirement: Solutions

- Continue as is
- Generate “Milestones” on the DARS (CAPS)
  - GRE Waived
  - GRE Not Required
  - GRE Requirement has Not Been Met
GRE Admission Requirement

Graduate Certificate Approval Process

Trade-offs: Response time vs. broader faculty participation

Background:
1. Currently, graduate certificates do not go through graduate faculty, curriculum committee for review (graduate faculty approved this procedure?).
2. Some faculty feel that graduate certificate program is “repackaging” of existing courses so nothing new is being created for it to go thru various committees which may slow down the process.
3. Curriculum committee has to catch up with the by-laws if it were to accept the new charge of providing feedback/input to the Office of Graduate Studies.

Possible Options:
Option 1: Business-as-usual (w/ no notification to the broader faculty or faculty input)
Option 2: Set up ad-hoc committee to seek input and web publish for broader faculty notification/input
Option 3: Set up procedures to be recommended by curriculum committee, graduate council, etc.
1. Dept. submits graduate certificate proposal to the Office of Grad. Studies
   [www.dhe.mo.gov/academicformpc.shtml]
   
2. Office of Grad. Studies provides initial feedback
   Time <= 1 week
   
3a. Web publish graduate Cert. proposal for comments from grad. faculty
   (2 weeks on the web)
   
3b. Ad-hoc Review committee
   Time <= 4 weeks
   
4. Seek Provost/Chancellor approval (Time <= 1 week)
   
5. Move to UM System
   OK?
   
6. UM System +CHBHE Approval/Notification
   OK?
   
7. Office of Grad. Studies notifies all concerned parties
   
A. New?
   Yes
   
B. No

Chancellor’s Fellowship: Past SOE Process

- 36 new Chancellor’s Fellowships every year
- In the past SOE, the 16 or so fellowships were distributed based on # of PhD students per program
- Current Process of allocation:
  - Really does not help departments to recruit proactively
Chancellor’s Fellowship: Past SOE Process

- Departments solicit applications from qualified students
  - Admission files
  - Student Inquiries
  - Word of mouth
- Department sends CF applications with supporting documentation to Dean’s Office
  - Application for Admission/Admission Sheet
  - Transcript (copy or original)
- Dean’s Office create New Applications Spreadsheet
  - Enter by Department alphabetically
- Allotments per school come from UG/Grad Office
- Divide allotment per department based on #PhDs
- Decisions made at Grad Coordinators Meeting
  - Each department given number awarded
  - PhDs awarded first and number per dept. reduced by PhDs awarded
- Departments decide to whom to award the rest
- Send names to Dean’s Office
- Dean’s Office prepares and sends offer letters
  - Include certificate and guidelines
  - Request reply in 2 weeks
- Only when certificates are returned accepting are CFs awarded
  - Enter into another Excel spreadsheet of current CFs for tracking purposes.
  - Contact Cashier’s Office at appropriate time and track on spreadsheet.
